General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(6) Apparatus for lighting, namely, lighting fixtures, lighting tracks; apparatus for heating, namely, space heaters; apparatus for ventilating, namely, ventilating exhaust fan, ventilating fans for commercial and industrial use, ventilating louvers and ventilation hoods; apparatus for water supply and sanitary purposes, namely, pipes, water closets, and water conditioning units; reinforcements for water-pipes, namely, shower control valves, tub control valves, plumbing supplies, namely, plumbing fittings; bibs namely plumbing fitting bibs and bibs for water heating installations, cocks namely plumbing fitting cocks and cocks for water heating installations of plumbing fittings, traps namely plumbing fitting traps namely sink traps and steam traps, couplers namely plumbing fitting couplers and pipe joint for water heating installations, drains namely plumbing fitting drains and water conduits installations, valves namely plumbing fitting valves and level controlling valves in tanks, and spouts namely plumbing fitting spouts and spouts for water heating installations.

(7) Protective gloves for industrial use; disposable protective clothing namely protective gloves for industrial use, protective eyewear, protective eye coverings, protective head guards for industrial use, protective respiratory equipment in the nature of dust protective goggles and masks; protective eyewear; protective ear coverings; fall protection equipment for fall restraint and fall arrest, namely, bars, anchors, harnesses, lines, lanyards, carabiners and anchorage connectors; protective head guards for industrial use; protective respiratory equipment in the nature of dust protective goggles and masks.

(8) Manually operated devices, namely, manually operated lifting equipment and lifting apparatuses , namely hand operated lifting jacks.

(9) Lifting equipment, namely, chain hoists used for lifting and rigging, metal chains, namely, power-operated lifting equipment; Lifting equipment, namely chain hoists used for lifting and rigging , metal chains, namely, power-operated lifting equipment; Power tools, namely, machines designed for cutting metal, machines designed for drilling rock, machines designed for milling, machine tools for grinding, sawing, planning and polishing, namely grinding discs, wheels and drums, cutting-off wheels, grinding stones, mounted points, grinding mops and flap-wheels, grinding mop-discs and flap-discs; motors namely electrical AC/DC motors, and engines (except for land vehicles), namely engine driven pumps; power transmissions and gearing for machines (not for land vehicles) namely transmissions and engine jack stands; metalworking machine tools namely metalworking and multi purpose drill bits; metalworking fluids.

(10) Metal building materials namely, soffits, fascia, wall framing, metal sheets, metal mountings, metal mounting sheets, crossbeams, retaining tubes, front plates, reinforcing material of metal for building purposes, coating metallic plates for construction, metal cladding, metal roofing, metal panels, metal flooring, metal floor tiles and metal partitions; metal hardware namely, springs, nuts, washers, pulleys, pulls, nails, screws, locks, hinges of metal, eyelets, metal hooks, metal safety chains, metal fastening collars, metal cables and wires not for electrical purposes, metal cable rollers and reels, metal cable holders, metal rivets and pins, metal threaded rods, metal plugs and plug-in couplings, non-electric metal terminals, namely, wire clamps, quick-release fasteners, and metal hardware for industrial use; pipes and tubes of metal namely pipes and tubes made of metal; industrial metal hoses and metal hose fittings; metal hoses for plumbing use; lifting equipment, namely hoists, chains; storage containers made of metal.

(11) Industrial oils and greases; industrial lubricants.

(12) All-purpose cleaning, degreasing, polishing and finishing preparations.

(13) Preparations against rust and against deterioration of wood, namely, anti-rust grease and oils, rust preventatives in the nature of a coating.

(14) Rugs, floor mats, door mats and slip-resistant floor covering.

Antiknock agents for internal combustion engine; engine decarbonising chemicals; detergent additives for gasoline; brake fluids; refrigerants; distributors for automobile engines; ignition coils; fuel sedimenters; fuel and vapor separators for motors and engines; fuel injectors for engines; throttle bodies; intake air heaters for motors and engines; fuel pressure regulators for motors and engines; governors for controlling the fuel injection quantity of motors and engines; superchargers for automobile engines; ignition timing control apparatus for motors and engines; turbo compressors for automobile engines; vehicle emission control systems, namely, charcoal separators; charcoal canisters; engine components, namely, heaters for heating fuel mixtures in engines; knock control apparatus for engines; exhausts for motors and engines; fuel economisers for motors and engines; control mechanisms for machines, engines or motors, namely, shafts, axis, spindles, axletrees, axles, pivots, bearings, couplings, joints, gears, pulleys, cams, reversing gears, speed reducing gears, reduction gears, hydraulic accumulators, hydraulic intensifiers, belt pulleys, power transmission belts, toothed wheels or gears, speed change gears, fluid couplings, hydraulic torque converters, links, roller chains, shock absorbers, springs, cone brakes, disc brakes, band brakes, block brakes, angle valves, ball valves, cocks, automatic control valves, butterfly valves; hydraulic controls for machines, motors and engines; pneumatic controls for machines, motors and engines; fuel converters for motors and engines; silencers, namely, mufflers; machine bearings; operational controls for the remote operation of industrial robots; moulding machines for forming machine parts by using mould; moulds for forming machine parts by pouring melted plastic or metal

; devices for operation curtains inside vehicles; agricultural implements and machines, namely, tillers, seeders, planters, reapers and threshers; anti-pollution devices for motors and engines, namely, exhaust gas recirculation valves, cell substrates, gas recirculators and gas temperature sensor; dynamo belts; drive belt for machines, motors and engines, motors and engines; dynamo brushes; electrical dynamo brushes made of copper and carbon; carburetors; cartridges for filtering engine intake air, engine oils and transmission oils; clack valves; electric kitchen machines, namely , electric ranges, electric mixers, electric dishwashers, electric dish dryers; mechanical pulleys; torque converters; voltage regulators; telecommunication aerials; transceivers; telephones; televisions; facsimile machines; microphones; computers; speedometers; tachometers; fuel meters and gauges; temperature meters and gauges; oil pressure meters and gauges; instruments clusters; combination meters for motor vehicles, namely, comprising speed meters, tachometers, water temperature meters, fuel meters, trip meters, odometers, turn signal flashing indicators, all the foregoing used to monitor and indicate the condition of the motor vehicle and engine; mileage recorders for vehicles; odometers; tachographs; air flow meters; vehicle testing apparatus used to test the quality of vehicle air conditioners, vehicle tires and engines and testers for testing electric components, namely, engines, ABS, air-bags and transmissions; thermostats; vacuum sensors; oxygen sensors; throttle sensors; intake air temperature sensors; coolant temperature sensors; knock sensors; crack position sensors; exhaust gas temperature sensors; lean mixture sensors; ambient air temperature sensors; solar radiation sensors; actinometers, namely, solar radiation sensors; evaporator sensors; height control sensors; steering sensors; wheel speed sensors; accelerometers; rear axle sensors; crash sensors; ultrasonic sensors; speed sensors; magnetic field sensors; rain sensors; micro processors; semi-conductors; computer processors; blank magnetic data cards, magnetic encoded data cards, namely, personnel identification cards, charge cards, credit cards, debit cards, pre-paid cards, railway ticket cards, hotel key cards; magnetic discs for recording data containing map data and operation software for navigational instruments; magnetic card readers/writers; identification card recognition readers; data communication and processing computers for vehicles; finger print verification computer hardware and corresponding software for verifying finger print of pre-registered; voice recognition computer hardware and corresponding software for voice of pre-registered; programmable controllers for controlling factory machines and industrial robots; microwave radio frequency identification apparatus, namely, microwave radio frequency readers/scanners/writers for industrial, factory, commercial and office use to recognize embedded memories and data of integrated circuit tags and cards; optical discs for recording data containing map data and operating software for navigational instruments; computers for numerical control machines; pre-recorded integrated circuit memories for computer programs; compact disc player; magnetic discs containing software for preparing and displaying maps and navigational information; cathode ray tube; amplifiers for air-conditioners; computers for automatic air-conditioners; control panels for air-conditioners; solar batteries; electromagnetic coils; electric coils; commutators; electrical connectors, namely, electrical connectors for computers, electrical audio connectors, electrical video connectors, electrical connectors for wired and wireless telecommunications, namely, telephones, the Internet, two-way radios, mobile phones; electrical connectors for vehicular radio communication, namely, one-way and two-way short-to-medium range wireless transmission specifically designed for automobile use; power connectors, connectors for coaxial cable, round connectors for multicore cables, rectangular connectors for flat cables and optical connectors for optical fibers; current rectifiers; distance measuring apparatus for vehicles, namely, millimetre-wave radar sensors which detect the proximity of obstacles and other vehicles; electronic insect killers; automatic steering apparatus for vehicles comprising electric power steering, electric control units (ECU), electric power steering motor, variable gear-ratio steering ECU, variable gear-ratio steering motor and steering torque sensor; electronic vehicle door looks; solenoids; simulators for training of steering and control of vehicles; air conditioners for vehicles and factories; ventilators for vehicles; ventilation units for vehicles and factories; fans for air-conditioners; filters for household installations, namely, heaters and coolers; filters for industrial installations, namely, heaters and coolers; air filters for air conditioners; deodorisers for vehicles component use; defrosters for vehicles; heating apparatus, namely, kerosene heaters; heat pumps; refrigerators; cooling installations and machines for vehicles and factories; hot water heaters for household and industrial installations; ice boxes for household and industrial installations; heat insulating boxes for household and industrial installations; portable showers; electric hot air clothes dryers for household and industrial installations; filters for drinking water; automatic flush valve; water flushing installations for toilets; filtering systems for purifying bath water; heaters for bath water; headlights for vehicles; lamp fittings of head-lights for vehicles; light bulbs; flashing lights and its electric and electronic controller; electric blankets not for medical purposes; air bag apparatus for vehicles; anti-dazzle mirrors for vehicles; anti-brake system for vehicles; brake control apparatus for vehicles comprising brake fluid pressure sensors, electronic stability control units, wheel speed sensors, inertia sensors for electronic stability control and accelerometer for suspension control systems; brakes for vehicles; catalytic converters for engines; control apparatus for vehicle seat belts, namely, a pre-crash seat belt electronic control unit; seat belt tensioners; cruise control for vehicles; direction signals for vehicles; electric motors for vehicles; fan motors for land vehicles; engine exhaust emission controls for vehicles; engine mounts; headlight wipers for vehicles; non-skid devices for vehicle tires; rearview mirrors; safety belts for vehicle seats; suspension shock absorbers for vehicles; traction control apparatus for vehicles; turbines for land vehicles vehicle tires; rearview mirrors; safety belts for vehicle seats; suspension shock absorbers for vehicles; traction controls for vehicles; turbines for land vehicles.
